- PostgreSQL
- MySQL Workbench
- Git | GitHub | Gitlab
- Docker
- Bitbucket
- Atlassian | Jira
- Monday
- Heroku
- Command line
- Visual Studio Code
- Agile | Scrum

PROFILE

I am a highly skilled developer with extensive experience in HTML, CSS, JavaScript, React, Node, Express, and database design. I have a strong understanding of front-end technologies and am proficient in using tools such as Tailwind CSS and Sass to create visually appealing and user-friendly web applications. I have a passion for building high- quality, scalable software solutions that exceed client expectations and am always looking for ways to improve my skills and stay up to date with the latest developments in the industry. Whether working on a solo project or as part of a team, I am dedicated to delivering top-notch results on time and on budget.
